Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Loss of General Amenity- Overdevelopment
Comments:	Dividing the protected Lock House is inconsistent with the aims of Horsham District Councils Development Control Policy DC13 - listed buildings and is not part of the local housing plan, being a good distance away down a single track unlit dangerous road (that often floods at the already weak bridge) so that inevitably car usage (and delivery vans etc) will soar with multiple extra large

properties, damaging a public amenity much used by walkers, bikers, horse riders etc. Not only safety but water neutrality will also be compromised given the likely headcount increase. I am afraid the comments from WSCC - Highways Authority are laughable, how can conversion of the existing property to multiple large properties with numerous drivers more than halve the number of anticipated 2-way movements on the private bridleway/farm track/20mph restricted country road???

Kind regards
