Good afternoon,

Thanks for coming back to me, in response to your queries:

1) can you please provide a template or information on how you would like this presented? I do not know what you require. The tree in question is the only large and very obviously tree.

2) We're not looking to replant any trees immediately as the location is very close to the house.

3) damage has been caused to paving and in high winds has become incredible close to the house. Please see attached photos.

Can you please let me know if you require any further information.
