

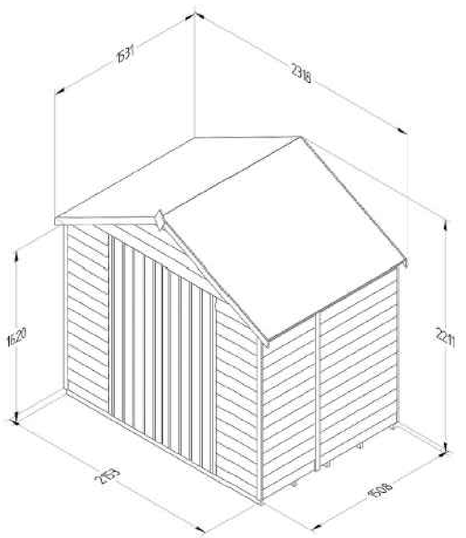
Proposed Cycle Store

To be located in the rear garden.
Proprietary galvanised steel rack for 5 No cycles to be located inside existing timber shed. The door will be fitted with a lock for security. Lighting will be provided within the shed and to the adjacent paved area, operated by a passive infra-red sensor.

Proposed Mobility Scooter Store

To be located in corner of the front garden, adjacent to existing fence to rear garden and trees to boundary.
New brick paving to be extended to provide access to new store.
Store to comprise proprietary timber shed, approx 2.15m wide x 1.5 m deep x 2.2m high. The double doors will be approx 1.2m wide and will be lockable.
Shed to have lighting operated by passive infra-red sensor and power for charging mobility scooters.



Proposed Timber Mobility Scooter Store - Dimensions and Typical Image

Proposed Timber Mobility Scooter Store - To be located adjacent to existing fence to left hand side of the building.
