Comments:	The local infrastructure is already heavily overstretched. The roads around Warnham are lethal, to the point we fear for the safety of our children and pets.
	We have lived in city centres around the UK with safer roads and less road noise than we put up with in Warnham. It would be

appalling to allow 59 new houses to be built; not only would it utterly ruin any remaining charm that the area has, but would destroy the local roads, put a huge strain on local facilities and make the whole area one giant, never-ending traffic jam. Not to mention the lack of water supply.

Dear use these fields, as do an abundance of nature.

We are wholly opposed to this development, not just for personal reasons, but simply because it would completely defy any form of common sense or logic to allow it to go ahead.
