RECOMMENDATION:	Advice / **No Objection** / Objection / More Information / Modification / Refusal
SUMMARY OF COMMENTS & RECOMMENDATION: **The proposed works are located in an Archaeological notification Area but the proposals involve minimal ground disturbance and so we have no archaeological concerns**	

MAIN COMMENTS:

The site is located on the route of the Roman Road from Hardham to Barcombe Mills (Archaeological notification Area DWS 8725). However, the proposals involve fairly minimal ground disturbance that is unlikely to be of a magnitude that would disturb buried archaeological remains and so I have no archaeological concerns in this case
