Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Design

Comments: Following the letter you sent to me on 25/09/25 inviting me to comment on planning application DC/25/1380 I would like say the I wholeheartedly support this application.
As its closest neighbour I can see no detrimental affect or impact on either my property or the area as a whole.
The eco credentials to be a self sustaining, carbon neutral build have to be applauded and the overall design to be suitable for long term lifetime living should also be commended.

This kind of thoughtful infill development can be built without overburdening any existing infrastructure and contribute to the local and national housing shortage.

Kind regards
