Dear Peter Lamb MP

Gatwick Airport Ltd's recent aviation-safety objections to Homes England's West of Ifield planning application — as reported in the Crawley Observer on 28 November and 1 December — raise issues that go to the heart of public safety, planning integrity, and responsible use of public money.

In view of the seriousness of these concerns, I am calling on you to urgently seek Ministerial intervention to ensure the immediate withdrawal or suspension of the application while a full and transparent review is undertaken.

Proceeding further risks committing significant public expenditure to a proposal whose viability is now in doubt.

Local residents deserve clarity, accountability and assurance that safety considerations are being treated as paramount.

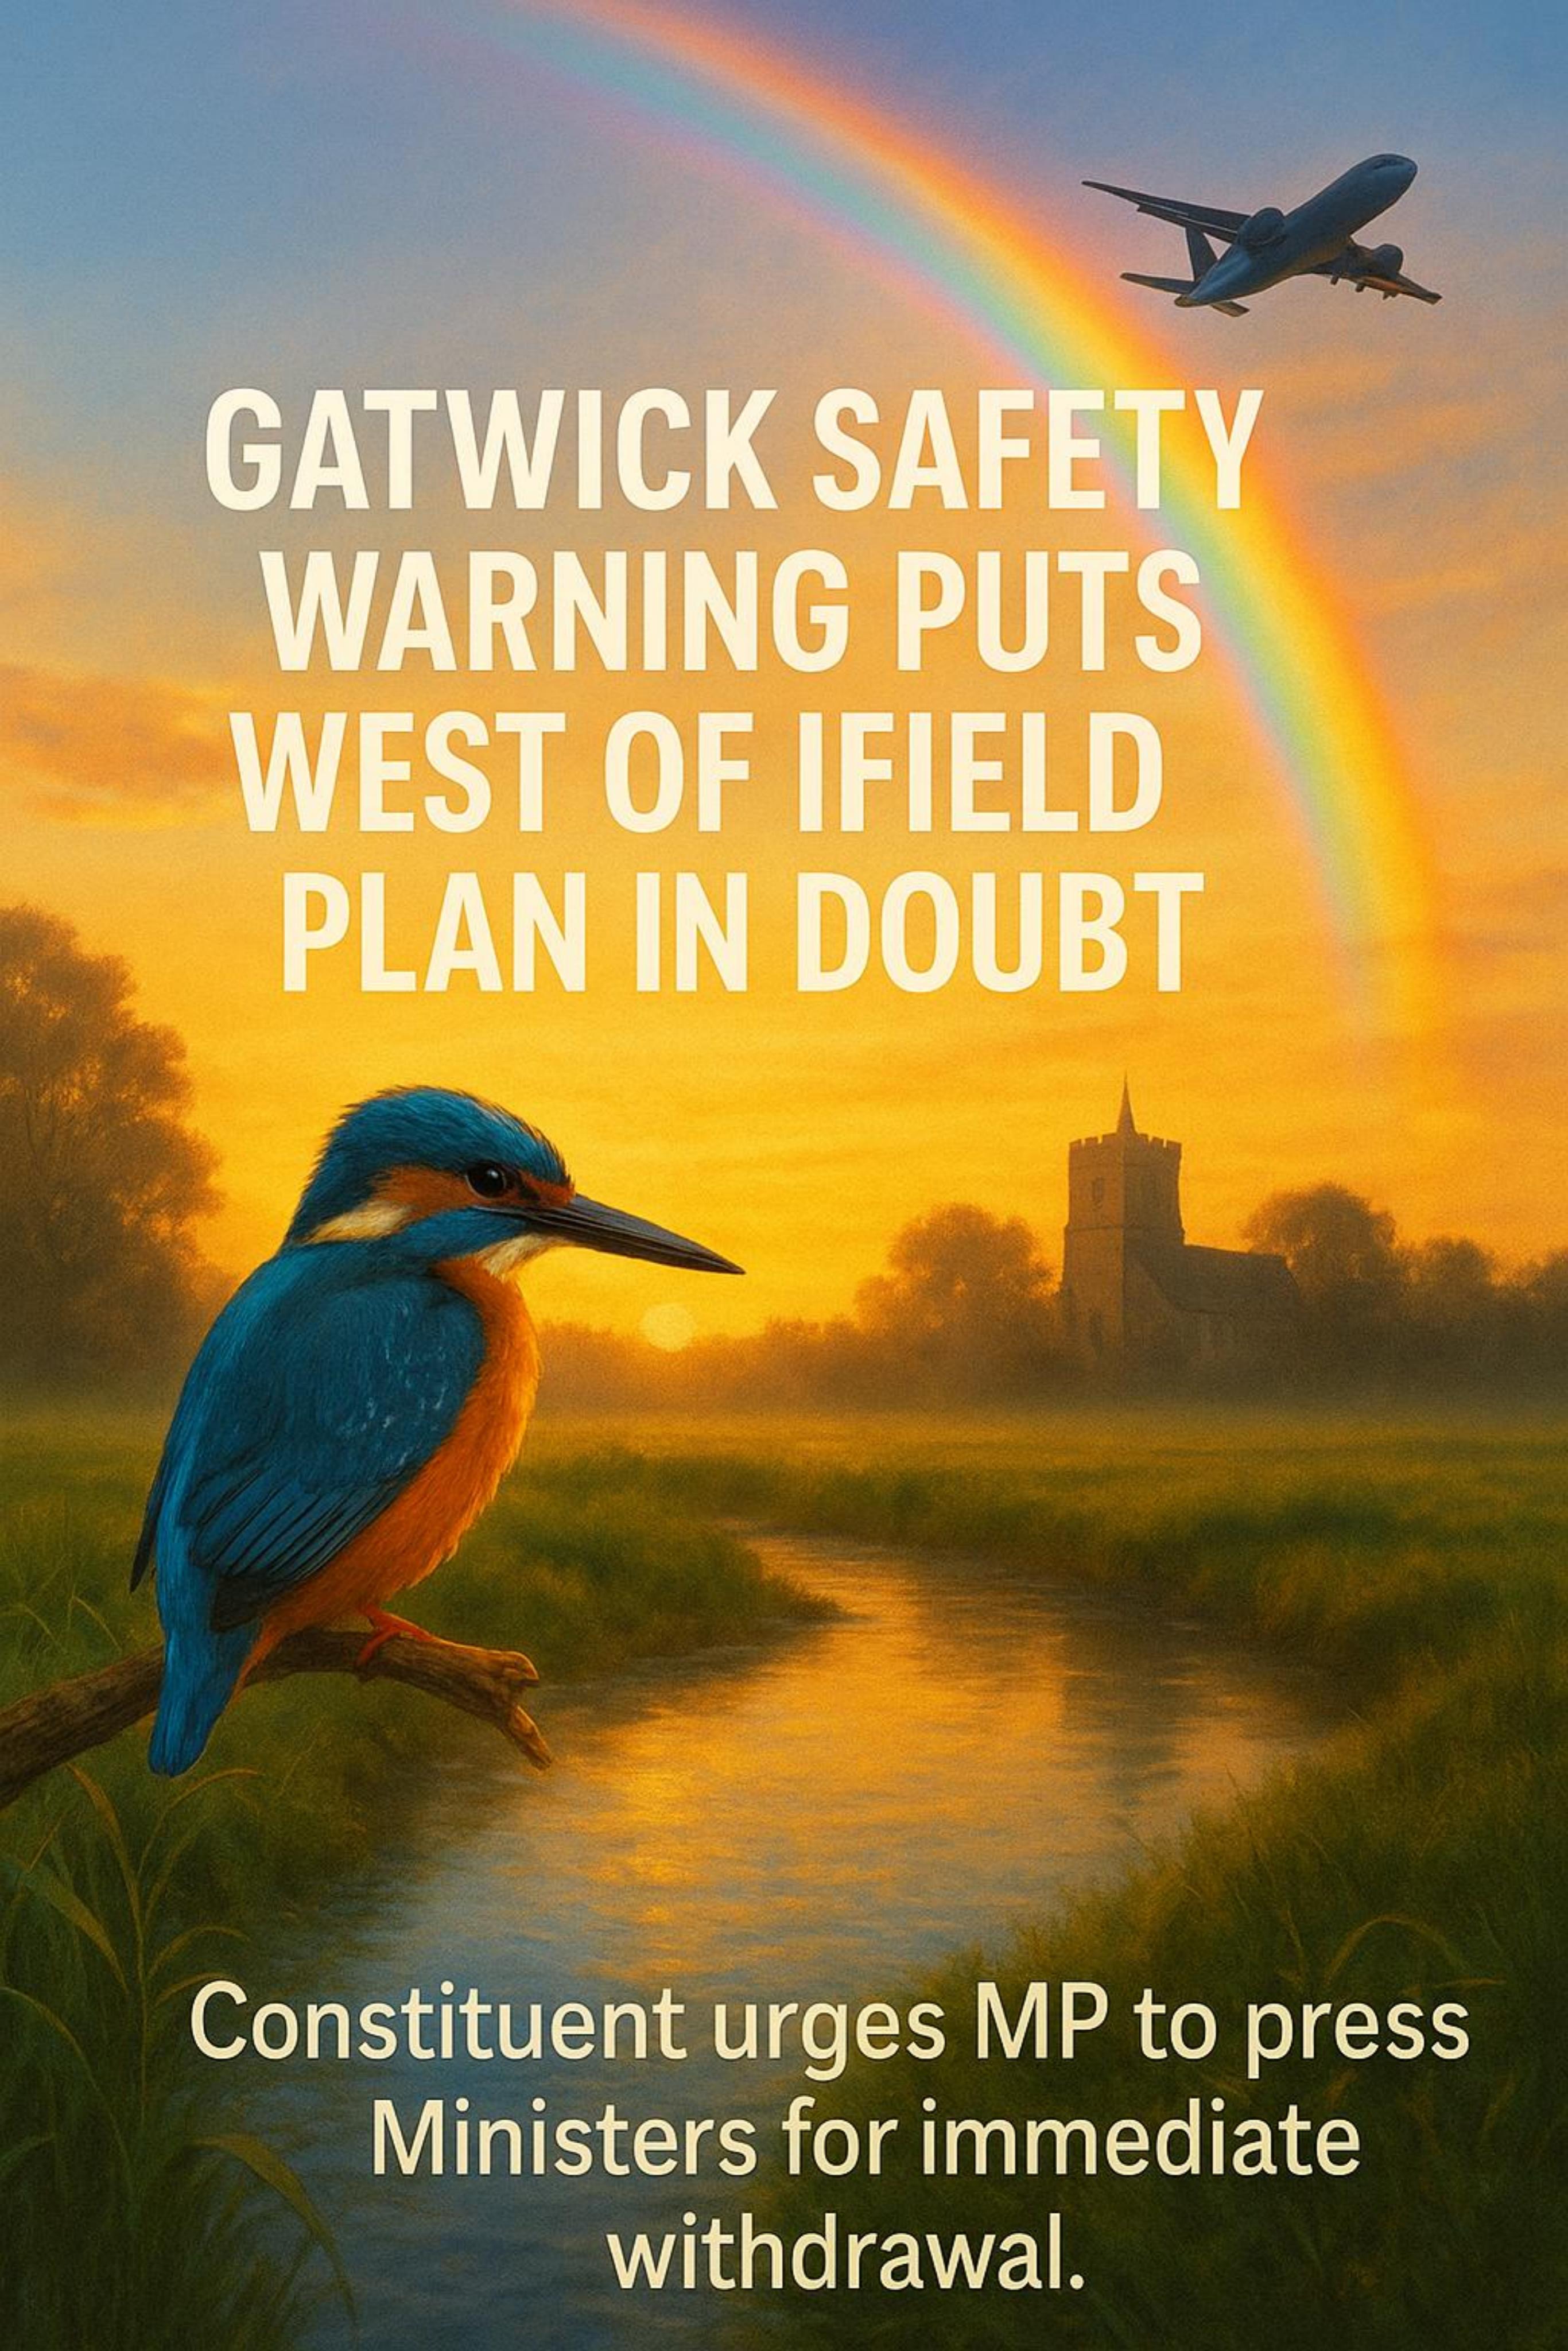

I look forward to your confirmation that you will deal with this matter without delay.

Yours sincerely
