RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

I refer to your consultation in respect of the above planning application and would provide the following comments.

West Sussex County Council was consulted previously on this application and comments provided on 06/11/2024 within which no objections were raised. I have viewed the Horsham Planning Portal for new plans/details and cannot see any additional information in which to comment upon since this time.

Should the LPA require specific comments relating to an aspect of the proposal, please reconsult and stipulate the details required for additional comments. For all other matters, my initial response of 06 November should be referred.

The Local Highway Authority does not consider that the proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
