Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	We are the nearest neighbours to Birchwood House. We cannot hear or see the two air-source heat pumps which are some distance from our property. They are located around the back of Birchwood House and hidden by their detached double garage. We support the Application as they have replaced their existing oil-fired central-heating boiler with eco-friendly air-source heat pumps, which is good for the planet and everyone.

Kind regards
