**Oaklands Barn Coltstaple Lane Horsham West Sussex  
Demolition of 1no. agricultural building and the erection of 2no. dwellinghouses. (Alternative to prior approval reference DC/14/2697).**

Your application DC/25/1193 has now been determined and I enclose the decision notice. The decision notice contains important information. Please take a moment to read it as further action may be required.

**Conditions**

Before you start work, information must be submitted for any conditions that require discharge before development can begin. The decision notice will set out what information need to be sent.

**Biodiversity Net Gain Condition**

Please note the requirement within the Environment Act 2021 for development to deliver a minimum of 10% net gain in biodiversity may be applicable to your development. In the event your development is required to achieve a minimum 10% net gain in biodiversity then a Biodiversity Net Gain Condition (separate to the main list of conditions) will appear on your decision notice requiring the submission of a Biodiversity Gain Plan for approval prior to development commencing.

**Failure to discharge conditions before commencing development could result in the development being unlawful or enforcement action being taken.** You can notify us of your intention to initiate development by completing a pre-commencement notification which will help us to monitor your development. There is no fee to use this service. To do this, or for further information about discharging planning conditions, visit us online at [horsham.gov.uk/planning/discharging-a-planning-condition](https://horsham.gov.uk/planning/discharging-a-planning-condition)

**Community Infrastructure Levy (CIL)**

If this development is CIL liable, the requirements of CIL must be met before you start work. Failure to do so could result in additional financial penalties. For further information relating to CIL visit [horsham.gov.uk/planning/planning-policy/community-infrastructure-levy/cil-charges-and-how-to-pay](https://horsham.gov.uk/planning/planning-policy/community-infrastructure-levy/cil-charges-and-how-to-pay)

If you have any questions about the decision notice, you can call us and speak to a member of the team on 01403 215187 between 9AM - 5PM, Monday to Friday.

If you are acting as the planning agent for this application, please ensure that the applicant is given a copy of the decision notice and this letter.

Yours Sincerely,  
Development Management

Ms Clare Bartlett

Application Number: DC/25/1193

TOWN AND COUNTRY PLANNING ACT, 1990 (as amended)  
TOWN AND COUNTRY PLANNING (Development Management Procedure) (England) Order 2015

On behalf of: Ms Sharron Skinner Jedris Ltd

In pursuance of their powers under the above-mentioned Act and Order, the Council hereby notify you that they PERMIT the following development, that is to say:

**Demolition of 1no. agricultural building and the erection of 2no. dwellinghouses.  
(Alternative to prior approval reference DC/14/2697).**

**Oaklands Barn Coltstaple Lane Horsham West Sussex**

to be carried out in accordance with Application No. DC/25/1193 submitted to the Council on 05/08/2025 and subject to compliance with the plans/documents and conditions specified hereunder.

Emma Parkes  
Head of Development and Building Control

Date: 14/11/2025

- 1 **Plans Condition:** The development hereby permitted shall be carried out in accordance with the approved plans listed in the schedule below.

**SCHEDULE OF PLANS/DOCUMENTS**

<b>Plan Type</b>	<b>Description</b>	<b>Drawing Number</b>	<b>Received Date</b>
Elevation plan	Proposed 1	90_108	21.07.2025
Elevation plan	Proposed 2	90_109	21.07.2025

Supporting Statement	Planning, Design and Access	NONE	21.07.2025

Reason: For the avoidance of doubt and in the interest of proper planning.

- 2 **Standard Time Condition:** The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 **Pre-Commencement Condition:** No development shall commence until the following components of a scheme to deal with the risks associated with contamination, (including asbestos contamination), of the site be submitted to and approved, in writing, by the local planning authority:

- (a) A preliminary risk assessment which has identified:
- all previous uses
  - potential contaminants associated with those uses
  - a conceptual model of the site indicating sources, pathways and receptors
  - Potentially unacceptable risks arising from contamination at the site.

The following aspects (b) - (d) shall be dependent on the outcome of the above preliminary risk assessment (a) and may not necessarily be required.

- (b) An intrusive site investigation scheme, based on (a) to provide information for a detailed risk assessment to the degree and nature of the risk posed by any contamination to all receptors that may be affected, including those off site.
- (c) Full details of the remediation measures required and how they are to be undertaken based on the results of the intrusive site investigation (b) and an options appraisal.
- (d) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action where required.

The scheme shall be implemented as approved. Any changes to these components require the consent of the local planning authority.

Reason: As this matter is fundamental to ensure that no unacceptable risks are caused to humans, controlled waters or the wider environment during and following the development works and to ensure that any pollution is dealt with in accordance with Policies 24 and 33 of the Horsham District Planning Framework (2015).

- 4 **Pre-Commencement Condition:** No development shall commence until a drainage strategy detailing the proposed means of foul and surface water disposal has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved scheme.

Reason: As this matter is fundamental to ensure that the development is properly drained and to comply with Policy 38 of the Horsham District Planning Framework (2015).

- 5 **Pre-Commencement Condition:** No development shall commence, including demolition pursuant to the permission granted, ground clearance, or bringing equipment, machinery or materials onto the site, until an Arboricultural Method Statement detailing all trees/hedgerows on site and adjacent to the site to be retained during construction works, and measures to provide for their protection throughout all construction works (including phased schemes of ground protection and implementation for all phases of development) has been submitted to and approved in writing by the Local Planning Authority.

The development shall be implemented and thereafter carried out at all times strictly in accordance with the agreed details. Any trees or hedges on the site which die or become damaged during the construction process shall be replaced with trees or hedging plants of a type, size and in positions agreed by the Local Planning Authority.

Reason: As this matter is fundamental to ensure the successful and satisfactory protection of important trees and hedgerows on the site in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 6 **Pre-Commencement (Slab Level) Condition:** No new-build development above ground floor slab level of any part of the development hereby permitted shall take place until a schedule of materials and finishes and colours to be used for external walls, windows and roofs of the approved building(s) has been submitted to and approved by the Local Planning Authority in writing and all materials used in the construction of the development hereby permitted shall conform to those approved.

Reason: As this matter is fundamental to enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 7 **Pre-Occupation Condition:** Prior to the first occupation of any part of the development hereby permitted, full details of all hard and soft landscaping works shall have been submitted to and approved, in writing, by the Local Planning Authority. The details shall include plans and measures addressing the following:

- Details of all existing trees and planting to be retained
- Details of all proposed trees and planting, including schedules specifying species, planting size, densities and plant numbers and tree pit details
- Details of all hard surfacing materials and finishes
- Details of all boundary treatments
- Details of all external lighting

The approved landscaping scheme shall be fully implemented in accordance with the approved details within the first planting season following the first occupation of any part of the

development. Unless otherwise agreed as part of the approved landscaping, no trees or hedges on the site shall be wilfully damaged or uprooted, felled/removed, topped or lopped without the previous written consent of the Local Planning Authority until 5 years after completion of the development. Any proposed planting, which within a period of 5 years, dies, is removed, or becomes seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

Reason: To ensure a satisfactory development that is sympathetic to the landscape and townscape character and built form of the surroundings, and in the interests of visual amenity in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 8 **Pre-Occupation Condition:** The dwelling hereby permitted shall not be occupied until details of secure and covered cycle parking facilities and of refuse and recycling facilities have been submitted to and approved in writing by the Local Planning Authority. The dwelling shall not be occupied until the approved facilities have been fully implemented and made available for use. The facilities shall thereafter be retained for use at all times.

Reason: To ensure that there is adequate provision for cycle parking and for refuse and recycling, in accordance with Policies 33 and 40 of the Horsham District Planning Framework (2015).

- 9 **Regulatory Condition:** The dwelling(s) hereby permitted shall meet the optional requirement of building regulation G2 to limit the water usage of each dwelling to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development and to ensure the development is water neutral to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policies 31 and 37 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).

- 10 **Regulatory Condition:** No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan. These spaces shall thereafter be retained at all times for their designated purpose.

Reason: To provide car-parking space for the use in accordance with Policy 40 of the Horsham District Planning Framework (2015).

- 11 **Regulatory Condition:** All mitigation and enhancement measures and/or works shall be carried out in accordance with the details contained in the Great Crested Newt Method Statement (AEWC Ltd., May 2023) and Protected Species Walkover and Bat and Barn Owl Assessment (AEWC Ltd., November 2022), submitted with this planning application and agreed in principle with the local planning authority prior to determination.

Reason: To conserve and enhance protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as

amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species) and Policy 31 of the Horsham Development Framework.

- 12 **Regulatory Condition:** Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (and/or any Order revoking and/or re-enacting that Order) no development falling within Classes E or F of Part 1 of Schedule 2, or Class A of Part 2 of Schedule 2 of the order shall be erected, constructed or placed within the curtilage(s) of the development hereby permitted without express planning consent from the Local Planning Authority first being obtained.

Reason: In the interest of visual amenity and due to the constraints of the site in accordance with Policies 31 and 33 of the Horsham District Planning Framework (2015).

### **Notes to Applicant**

#### **Biodiversity Net Gain Condition**

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission is Horsham District Council.

**This permission will require the submission and approval of a Biodiversity Gain Plan before development is begun.**

For guidance on the contents of the Biodiversity Gain Plan that must be submitted and agreed by the Council prior to the commencement of the consented development please see the link: [Submit a biodiversity gain plan - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/biodiversity-net-gain).

#### *Statutory exemptions and transitional arrangements*

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

#### *Irreplaceable habitat*

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

#### **Rights of Way**

- The granting of planning permission does not authorise obstruction of, interference to or moving of any Public Right of Way (PROW); this can only be done with the prior consent of West Sussex County Council (WSSCC), as highway authority, and possibly also a legal Order process by the relevant local planning authority. Further advice can be provided on request.

- Safe and convenient public access is to be available at all times across the full width of the PROW, which may be wider than the available and used route - advice on the legal width can be provided by the WSCC PROW Team.
- The path is not to be obstructed by vehicles, plant, scaffolding or the temporary storage of materials and / or chemicals during any works. These will constitute an offence of obstruction under the Highways Act 1980.
- No new structures, such as gates and stiles, are to be installed within the width of the PROW without the prior consent of the WSCC PROW Team. These will constitute an offence of obstruction under the Highways Act 1980.
- Access along a PROW by contractors' vehicles, deliveries or plant is only lawful if the applicant can prove it has a vehicular right; without this an offence under the Road Traffic Act 1988 section 34(1) is being committed.
- The applicant is advised that a public access right has precedence over a private access right. Where a PROW runs along a route also used for private access purposes, usually for private vehicle access, this shared use has the potential for accident or injury, the applicant must consider how access is managed so the public is not endangered or inconvenienced.
- It is an offence to damage the surface of a PROW without the prior consent of the WSCC PROW Team. The applicant must supply a specification and secure the approval of the WSCC PROW Team before works affecting the PROW begin, even if the surface is to be improved. Where a PROW surface is damaged and there was no prior consent, the applicant will be liable and required to make good the surface to a standard satisfactory to the WSCC PROW Team.
- Where it is necessary to undertake works within the legal width of a PROW, e.g. install utilities, (or for development works immediately adjacent to a PROW that can not reasonably be managed through different Health and Safety practice) the applicant must be advised to apply to WSCC PROW Team for a temporary path closure. The applicant must be advised there is no guarantee an application will be approved; that a minimum of 6 weeks is needed to consider an application.

### **Community Infrastructure Levy (CIL):**

Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1<sup>st</sup> October 2017. [This development constitutes CIL liable development.](#)

If you have not received a Liability Notice from the Council within 1 month of the decision date please contact the CIL Team at [cil@horsham.gov.uk](mailto:cil@horsham.gov.uk).

CIL is a mandatory financial charge on development. To avoid additional financial penalties, the requirements of CIL must be managed before development is commenced (including in the event of any successful appeal).

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

### **Note to Applicant**

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including

planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

## **ADDITIONAL INFORMATION**

### **Planning Permission – Important Provisos**

If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail [streetnaming@horsham.gov.uk](mailto:streetnaming@horsham.gov.uk) or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email [hop.oast.admin@horsham.gov.uk](mailto:hop.oast.admin@horsham.gov.uk).

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

### **Amendments**

Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non-material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

### **Monitoring**

Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

### **Right of Appeals**

If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate ([inquiryappeals@planninginspectorate.gov.uk](mailto:inquiryappeals@planninginspectorate.gov.uk)) at least 10 days before submitting the appeal. Further details are at <https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>.
