Subject: *Planning Application Consultation - DC/24/1292

Categories: Consultations

Good afternoon Bethan,

Planning reference: DC/24/1292

Thank you for consulting me on the above planning application. A retrospective application is not considered relevant to the District Licence as any impacts that would result from the development have already occurred. I therefore have no comments to make at this time. Please feel free to reconsult me should there be any further changes.

Kind regards,
Jennie
