Reasons for comment:	- Other
Comments:	I live round the corner from the property. I am from the traveller community I think this site could be used to serve a massive need within the area for stopping places for gypsy and travellers. Many families are on council site lists for several years with no spaces coming available. This place has planning permission for 30 caravans all year use I understand that there is a condition of period of 28days each stay however for these families that have no permanent home this will be a god send for them as they are

used to being moved on every few days from place to place without basic facilities such as electricity and water they can move off site once the 28 day period is up camp up somewhere for the night and then move back on the following day for another 28 days and continue this cycle it is much better than them camping illegally all year round and being moved on by the police or council every week if there lucky that way they can have some kind of a normal life with basic facilities including local surgery and schools for the children. The site is a great location only 1.2 miles from the centre of Billingshurst with this caravan park also close by it would be great opportunity to help a lot of families that are basically homeless living roadside and the council have no sites or pitches to put them on.

Kind regards
