Reasons for comment:

Comments:	This has been rejected in the past because of infrastructure, access and nothing has changed regarding these issues and other issues noted previously. It is an unsustainable site and will have serious implications on the surrounding facilities and area. Traffic on the approach road is busy and fast (although 30 mph through the village) stand there on a Sunday morning when all the bikers are out and it will become apparent that a blind junction does not work on this stretch of road. There have been a number of fatalities on the junction onto this road in Partridge Green with slight blind corner, this will be 100% worse!
