Design & Access Statement

Address: 7 Vernon Close, Horsham, RH12 4EE

Use
The existing building is a two-storey house with a one storey out building. The proposal is to convert the out building into a ground floor levelled WC space.

Amount
The works will be done within the existing space and the proposal will not change the existing width or length of the out building. The height will be altered to accommodate necessary thickness of insulation.

Layout
The proposal enables the resident to have a levelled access WC on the ground floor.

Scale
N/A

Landscaping

The landscape of the property will not be impacted.

Appearance
The colour and style of the proposal out building layout is to match existing.

Access
The access will be level threshold for ease of access.
