Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Design- Highway Access and Parking- Loss of General Amenity- Other- Overdevelopment- Privacy Light and Noise- Trees and Landscaping
Comments:	i object to this development due to all the above plus the highway coming into small dole is very narrow and to have a new road built coming out of the new development will be dangerous and not

safe as there is a big industrial estate the opposite side which also will add to high volume of traffic which is already on what i can only describe as already dangerous road. Also will be pulling out on a blind corner and the brow of the hill where cars come over and will have no time to pull out safely! and where the properties are being built there is lots of wildlife including bats which are protected and also barn owls ect..... also the properties will not be alike the surrounding properties as there isnt any properties near it.

Kind regards
