Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design
Comments:	Sargent way already has major issue with traffic and this is well known, the current road design is not fit for purpose as heavy traffic is transiting through a residential road with major safety issue already flagged by residents. Cars are also using the Coop carpark and the bus lane to cut through. If Sargent way is not shut at the Coop delivery gate additional houses will only make the

traffic increase. A solution needs to be in place before approval is given. Also in Horsham there are already shortages of infrastructure, a new school was supposed to be built in this land but never did!

Kind regards
