Subject: DC/25/0317 - Land West of Parsons Field - Informal comments

Hi there Kate,

I've just reviewed the newly submitted information and while it more closely represents the retrospective development than previous plans, it does not address landscape comments and concerns dated 09/04. I do note, however, that this information was submitted within the same timeframe as our comments, therefore I understand why they have not been addressed. We'd be happy to offer updated formal comments if new information is submitted, otherwise our comments still stand.

Many thanks,

Elly
