| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Loss of General Amenity |
| Comments: | This owner has allowed the wall to become dilapidated and fail which makes it sound bad. The wall in question has a matching feature on the other side of the house, it has a gentle curved shape till the main road where there was a column with a typical capping feature.<br>This is a conservation area and period details should be retained. |

Kind regards
