Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

This permitted development right was amended on 21 May 2024 to broaden the range of buildings that could be converted to dwellings, allow extensions to the building, and to increase the total number of dwellings from 5 to 10.

However, the right was also updated to:

- No longer permit the creation of any dwelling with a floorspace over 150 square metres (previously, 'larger' dwellings could be up to 465 square metres)
- Remove the eligibility of any building that does not have suitable existing access to a public highway (previously, this was not an eligibility requirement)

Proposals that do not meet the above criteria are temporarily allowed to use the previous version of the permitted development right, though this will mean you are not able to benefit from any of the amendments made.

Select the checkbox below if you wish to use the previous version. Otherwise you should continue through this application, which is based on the current legislation as amended.

- ☐ **I/We confirm that this application will use the permitted development right as it stood prior to 21 May 2024.** In confirming this, I/we understand that:
- The application must be received by the local authority by 20 May 2025 (the payment process on Planning Portal must be completed before the application will be submitted).
 - The [supplementary information template](#) covering the pre-21 May 2024 eligibility criteria and information requirements must be downloaded, completed and attached as a supporting document.
 - Failure to do either of the above could result in application being refused without the fee being refunded.

Is the site currently part of an established agricultural unit?

- ☒ Yes
☐ No

Was the site part of an established agricultural unit on 24 July 2023?

- ☒ Yes
☐ No

Has any work under the permitted development rights for the erection, extension or alteration of a building reasonably necessary for the purposes of agriculture been carried out on the agricultural unit during the 10 year period before development begins?

- ☐ Yes
☒ No

Will the external dimensions of the resulting building(s) extend beyond the existing building(s) at any point, other than:

- as a result of any permitted extension to the building under this permitted development right; or
- by more than 0.2 metres as a result of any permitted building work or other operations under this permitted development right.

☐ Yes

☒ No

Will any proposed extension:

- be more than 1 storey;
- be sited anywhere other than the rear of existing building;
- extend beyond the rear wall of existing building by more than 4 metres;
- extend beyond side or principal elevations of the existing building;
- create eaves higher than the height of the current building's eaves;
- be higher than the highest part of the roof of the existing building, or exceed 4 metres in height;
- be on land that is not already covered by a hard surface, with that hard surface having existed on or before 24th July 2023 or, where the hard surface was provided after 24th July 2023, has been in place for at least 10 years before development begins.

☐ Yes

☒ No / No extension proposed

Does the new building have suitable access to a public highway?

☒ Yes

☐ No

Is the existing building (including any permitted building work or other operations, but excluding any proposed extension), capable of complying with the nationally described space standard?

☒ Yes

☐ No

NOTE: Please note: Any new dwellinghouse will only be eligible for permitted development rights if it has a gross internal floor area of at least 37 square metres, and complies with the [nationally described space standard](#).

Is any part of the land, site or building:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- in a safety hazard area;
- in a military explosives storage area;
- a scheduled monument (or the site contains one);
- a listed building (or within the curtilage of a listed building)

☐ Yes

☒ No

Agricultural tenants

To be eligible for this permitted development right, all parties to any agricultural tenancy agreements that are currently in place, or that have been terminated in the year before development is proposed to begin, need to provide consent.

This is to help ensure that agricultural tenants are not displaced to allow a change of use to be carried out.

Is the site currently occupied under any agricultural tenancy agreements?

☐ Yes

☒ No

Have any agricultural tenancy agreements been terminated in the year before development is proposed to begin for the purpose of carrying out the proposed change of use?

☐

Yes

Dwellinghouses and floor space

This permitted development right was amended on 21 May 2024 to broaden the range of buildings that could be converted to dwellings, allow extensions to the building, and to increase the total number of dwellings from 5 to 10.

However, the right was also updated to:

- No longer permit the creation of any dwelling with a floorspace over 150 square metres (previously, 'larger' dwellings could be up to 465 square metres)
- Remove the eligibility of any building that does not have suitable existing access to a public highway (previously, this was not an eligibility requirement)

Proposals that do not meet the above criteria are temporarily allowed to use the previous version of the permitted development right, though this will mean you are not able to benefit from any of the amendments made.

If you wish to use the previous version, please return to the 'Eligibility' question and select the option at the top of that question to do so. Otherwise you should continue through this application, which is based on the current legislation.

To be eligible for this permitted development right, the number and size of dwellinghouses developed has to be within the limits set by legislation. This includes any dwellinghouses that were previously developed under this permitted development right.

- No more than a total of 10 dwellinghouses can be developed;
- The floorspace of any single dwellinghouse developed cannot exceed 150 square metres;
- The cumulative floor space of all the dwellinghouses developed cannot exceed 1,000 square metres.

What will be the net increase in dwellinghouses?

7

NOTE: This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses on the site immediately prior to the development.

Would the floorspace of any of the proposed dwellinghouses exceed 150 square metres?

- ☐Yes
- ☒

No

Previous development

How many dwellinghouses have previously been created under this permitted development right on this established/former agricultural unit?

0

Cumulative floor space

What would be the total combined floor space (previously and in this proposal) changed to Dwellinghouses under this permitted development right on this established/former agricultural unit?

864.34

Square metres

Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including the siting and location of the building(s)

Proposed change of use from an agricultural building to 7 dwellings (C3 Use class).

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Please see submitted plans

Will the building(s) be extended as part of the proposed development

☒ Yes

☐ No

NOTE: If using the transitional provision to benefit from the permitted development rights as they stood prior to 21 May 2024, then extensions are not permitted, and you should answer 'No'.

If yes, please provide details of any impact of the proposed extension on the amenity of any adjoining premises:

no impact on amenity, extensions are a significant distance from the neighbouring property

Are any associated building works or other operations required to make this change?

Note that such works are restricted to those listed below that are reasonably necessary to convert the building(s) for use as a dwellinghouse:

- the installation or replacement of windows, doors, roofs, or exterior walls;
- the installation or replacement of water, drainage, electricity, gas or other services;
- partial demolition to the extent reasonably necessary to carry out the works listed above.

☒ Yes

☐ No

If yes, please provide details of the design and external appearance of the building(s) in regard to these building works or other operations:

see submitted plans

Please provide details of any transport and highways impacts and how these will be mitigated:

Transport Statement – as regards transport implications / assessment the proposed development is likely to lead to a net reduction in vehicle movements when comparing the existing use to the proposed use. No transport mitigation impacts required.

Please provide details of any noise impacts and how these will be mitigated:

Noise Statement - The proposed development is well located in relation to adjacent residential dwellings. In any event any noise impacts in relation to residential accommodation on the site would be less than the equivalent agricultural activity with associated commercial vehicle movements. No remediation measures proposed or required.

Please provide details of any contamination risks and how these will be mitigated:

Contamination Statement – On the basis that it is confirmed that the barn has only been previously used for the keeping of poultry, feed and agricultural plant there would be no contamination issues arising. No remediation measures proposed or required. No further work is required relating to ground conditions / contamination at the site, for its proposed conversion

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online.](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.
