### Customer Details

**Address:** Toat Lane Resident Toat Lane Pulborough

### Comments Details

**Commenter Type:** Neighbour

**Stance:** Customer objects to the Planning Application

**Reasons for comment:**

- Design
- Highway Access and Parking
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

**Comments:** I strongly object to this planning application. Parson field has been completely desecrated, well established mature trees and hedges have been removed, this was done during nesting season. The impact this has had on our wildlife environmentally is detrimental.

The site does not not blend in with the countryside, the entrance is on a blind bend which is also a safety issue as it also also a single lane road. A stop notice was issued however work has and still is continuing without planning permission, this has made a mockery of the planning system. There have been lights installed on the perimeter of the site which remain on all through the night which is also having a direct impact on the environment.

---

Kind regards
