Good afternoon

Many thanks for your mail.

To confirm, I am acting as the agent. Mr Paul Holgreaves is the owner [redacted]

We are raising the crown by 2-3 meters. This will give an overall height from the ground of no more than six meters from ground level. We are not proposing to change the overall spread of the tree in any way.

We propose a crown thin of 10% to allow the wind to pass through the canopy as part of on going management.

It to the untrained eye not be noticeable and will not change the amenity value of this tree.

Warm regards
