Subject: Re: DC/25/1149: PP-14166499 - Tree works: Trees in conservation areas/subject to TPOs 31

[redacted] [redacted]

Good afternoon

The sketch submitted was not to scale(you ask for a sketch) not a plan.
The image you show is correct and you do not have the wrong tree.

We are acting as agents and the owner of the tree is Mrs Wrench at the address you have on the application.

We propose to reduce the crown to the previous pruning points. So a reduction in spread of 2 m all round. Please see any previous applications made by others regarding this.

We propose to thin the crown by 10% which is negligible and not noticed from the surrounding area. This will not alter the amenity value of the tree, but will allow the wind to pass through the canopy.

Warm regards.
