Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	I strongly support this project as I believe it is vital for Nuthurst Cricket Club to have equipment they need. A great deal of time and effort is given by the club to maintain the village green to a high standard which can be enjoyed by all people. They must be allowed the equipment they need to maintain and enjoy their high standard of playing, which can also be enjoyed by all people who wish to spectate. The proposed nets will make available better training and practice for not just the adult players, but also the youngsters who attend the popular weekly training sessions

provided by NCC.

Cricket on the common is a great asset to the parish and a great piece of English enduring history which we are most fortunate to have in our village.

Kind regards
