Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	34 Denne Rd, Horsham
PROPOSAL:	Surgery to 2x Yew and 1x Liquid Amber.
REFERENCE:	DC/24/1298
RECOMMENDATION:	No objection

SUMMARY OF COMMENTS & RECOMMENDATION: No objection (see main comments)

MAIN COMMENTS:

Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:

All the trees in this application have had previous reduction work carried out at least 6 years ago.
The Yew tree located at the front of the property and overhanging the neighbour's driveway, can be reduced back by 1.5m to the crown area, and the height lowered by 2m. This will leave the tree in a well-balanced shape and improve light levels to the area.

The second Yew tree, located at the rear of the property, on the boundary with the neighbour's property, can be reduced back to the previous pruning points, approx. 1.5m overall. Thie reduction will increase the clearance of the boundary line between the properties.

The Liquid Amber tree will also require a further reduction to the overall crown area, as well as a crown thinning to improve air flow and light levels to the inner crown. The height can be reduced by 2m, along with lateral growth back to the previous pruning points. This should leave the tree in good shape and will promote healthy growth.

Therefore, HDNC has no objection to this application.

ANY RECOMMENDED CONDITIONS: As above
