Address:	128 Myrtlegrove Cottage Long Furlong Lane Patching

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This building changes the natural landscape, as this was a previously lawned area. It disrupts the view from neighbouring properties. It increases light pollution to a rural area. This area is home to many rare species, like bats which I have seen first hand. This building is likely to cause disruption to their natural habitat. The access to this property, is extremely poor so more vehicles should not be encouraged to be kept there. This owners of this property have made countless unsolicited adaptations and additions to the property without planning permission. When complaints are made they then put in retrospective planning. Horsham District Council need to put a stop to this and allow this rural area to not be over developed, and protect the native species that live there!

Kind regards
