Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:	- Design - Trees and Landscaping
Comments:	We live in the original farmhouse building that was part of the Stonehouse farm. We are very much in support of this proposal; specifically the biodiversity net gain works will be a great addition to the local environment and community.
	The overall works have been sympathetically designed and respectfully proposed to those who live in the immediate vicinity.
	We really hope this support will ensure the planned improvements are approved.

Kind regards
