Reasons for comment:	- Other
Comments:	As this a development for the older age group, and they are typically more regular users of the bus service....is there opportunity to improve the bus-stop on the opposite side of the road & provide a safe crossing space?There is a safe crossing by the roundabout, but no pavement on that side, so users are forced to cross at Roundstone. In addition the bustop is very dark and surrounded by hedgerows, so it would be difficult for 5+ people to wait there safely.

Kind regards
