Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Other
Comments:	Having previously lived in Rusper for many years I believe the proposal would provide a much needed, smaller scale, minimum impact, sustainable housing solution for Rusper. The proposal seems to be a sensible and appropriate opportunity for the applicant to remain living within Rusper village. The proposal appropriately meets the needs of a changing family circumstance, downsizing and retaining long established ties with the village and community. The proposal would enable the

applicant to continue being a part of the village she has resided in for the last 30 years.

I fully support this proposal.

Kind regards
