Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	We strongly object to felling of the Blue Cedar Trees on the site. They are beautiful. Mature trees should not be cut down to facilitate construction of housing. Their presence should be considered a prized asset. They are a valued habitat for wildlife and better for the environment. The argument that they pose a threat to humans, that could be said of any mature tree and is

nonsense. With proper maintenance there wouldn't be a problem. New trees will not have the grandeur, will take years to grow, need nurturing and watering which never happens, a false economy.

Kind regards
