Reasons for comment:	- Other
Comments:	The cricket club building looks shabby and is not fitting for the community and cricket teams that use it. A new building would look smarter, function better, bring the toilets up to code and become a more popular place to go in the cricket season, after all, the views from there are great.

I appreciate there will be objections to this, but frankly anyone who bought a property close to a public park / cricket pitch should've kept in mind that there might be changes and improvements made on or to that area of land in the future.

Kind regards
