Customer Details

Address:	36 Roundstone Park Worthing Road Southwater

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	I can't see which trees are affected here, but judging by the addresses contacted by post, I'm assuming this relates to the woods at the back of our properties in Roundstone Park, some of which are swaying precariously over the top of our homes, I had a 7 foot branch snap off in the storm on Friday 6th December which fortunately missed my home and landed on the shed, so therefore back this proposal.

Kind regards
