Customer Details

Address:	105 ST Leonards Road Horsham

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	Additional Objection from my previous one Instead of simply requesting a Certificate D purely over land ownership but given that there is also a lot of misinformation (lies intending to or not) are not adequately solved by this for dealing with so many other pieces of false information the Applicant has declared in the Application Form. Therefore the applicant should be required to submit an amended Application Form with the correct information. The former one would then become Superseded.

I have now noticed that the block plan is also incorrectly drawn as it is not shown as extending beyond the west gable end wall which it does but in line with it. Yet another reason why an amended Application Form covering all the items I now and previously mentioned."

Of course you may already be aware of the Planning Application.. Comments can be received up to the 12th December.

Kind regards
