Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none"><li>- Design</li><li>- Highway Access and Parking</li><li>- Overdevelopment</li><li>- Privacy Light and Noise</li><li>- Trees and Landscaping</li></ul>
Comments:	I strongly object based on the obtrusive and inappropriate design and layout in particular in the southerly section - 3 storey block of

flats and urban style design totally unsuitable for semi rural setting and out of keeping with surroundings - this would be the first thing people see coming into the village along the Shipley Road - no mature trees at this point to screen with open line of sight from surrounding properties and road, causing these to be overlooked and create light pollution into the countryside at night. Please take this to committee for further review and input to ensure the design issues are addressed and made more appropriate for the setting?
