| Reasons for comment: | - Highway Access and Parking<br>- Overdevelopment<br>- Privacy Light and Noise |
| Comments: | This is again a terrible u turn which will burden not only Henfield in general where we cannot see for example a doctor or dentist due to high demand, schooling is an issue and road access via Wantley is already a danger with all the parked cars ( I have twice nearly had an accident and three times nearly hit a pedestrian. Living opposite you will also block my light and bring more noise so totally unacceptable. Can I suggest building next to your committees houses or indeed on many more suitable sites e.g. Shoreham work site which sits there decaying year after year! [redacted] |

Kind regards
