Dear Sir/Madam

I wish to comment on planning application DC/25/1922. I am not opposed to extra houses being built in Partridge Green but feel that this land is too isolated from the rest of the village. Lock Lane forms an obvious boundary to the south of the village. This will I fear create an us and them between the existing village and this proposed development.

I gather there are other proposed developments to the North and East that allow the village to maintain a more coherent shape.

Moreover if more than one proposed development takes places the facilities in the village will be totally overwhelmed.

I assume that when judging the merits of a single planning application the possible effect of other proposals now and in the near future are taken into consideration.

I must declare an interest as I live down Lock Lane.
