Good afternoon Roger

Further to the email below, if you could do a drive past and take some photos that would be hugely appreciated please in the first instance. As Emma has advised, if demolition works have started this may have commenced the permission already granted, and therefore we need to consider if any conditions have been breached.

I look forward to hearing from you.

Kind regards

Madeleine

Dear Both

Blackstone Garage site

Please see the email I have just received from a Blackstone resident below.

I have also had reports from other Blackstone residents that the owners of the Blackstone site have been burning rubbish and have removed the enclosing fence towards the road.

I will drive by tomorrow to see if I can get any photos of the site. I am aware that the former owners successfully applied for a three house terrace to be built on the site last year, but the site was subsequently sold (according to for sale boards placed onsite), but have we heard anything from the owners to inform of a change of plan?

Many thanks

Roger

Hi Roger,

I hope all is well with you.

I'm concerned that the owners of this site have begun demolishing the site without fulfilling the conditions attached to the only approved application.

Their intention is to put one Scandihus on the site but have not submitted an application for that.

Wearing your Horsham hat and your Woodmancote hat, please could you look into this.

Also, please could you let me know the date of the next WPC meeting?

Many thanks

Pam
