Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Overdevelopment
Comments:	I am writing on behalf of the Horsham Society to object to this application. The proposed development is in front of the both the house building line and the building line of a similar nearby car port development, is too large and obtrusive, and too close to the front curtilage of the property. Further, by giving approval to such developments as this the council would risk future applications for change of use. [redacted] A/Secretary, Planning Sub Committee
