PLANNING APPLICATION DC/25/0519
SLIPS CAMP SITE WEST END LANE HENFIELD

Dear Sir/Madam,

My attention has been drawn to the proposed change of use for the above.

My view is that this site serves as a useful social amenity in its current use as a temporary camping/caravan site providing affordable camping/caravan facilites for holidays and short term breaks and it should remain as it is. By changing its use to a traveller site it would be available to one class of person only (i.e travellers) to the exclusion of everyone else.

I do not think this is good for either this locality - tourists and holiday-makers visiting the campsite help the local economy to a much greater extent than a few travellers would or for future visitors to the area who would not be able to stay there.

A parcel of land in Stonepit Lane (only a few hundred metres away from this site) has just been given permission for a number of traveller sites. Surely we do not need any more in this locality at the moment.

I hope this proposal will be turned down,
