Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	This tree is unique to this area and many years old, pre-dating the housing development of Hernbrook Drive and Sandeman Way, it is probably well over a century old, and is an excellent specimen of its type which cannot be replaced and should be protected. There are some root spread issues in the nearby footway and probably towards the adjacent property but there should be a way of resolving these.

Kind regards
