SUMMARY OF COMMENTS & RECOMMENDATION:

Comments relating to below information:

Construction Management Plan – Drawing No C9_23_46_101_A

MAIN COMMENTS:

Condition 4

Environmental Health have reviewed the above-mentioned plan and we have the following comments to make.

1. Whilst the information contained in the above plan is welcomed we are not convinced it contains the required level of detail.
2. Whilst some of the information can be provided on a plan, we would ask that the majority of the information is provided in report format.

Given the above unfortunately Environmental Health are not in a position where we can recommend the discharge of condition 4 at this time.
