

Ash: At present, Northern aspect of the crown is 6m from crown centre.

After works, there would be a residual spread of 3m from crown centre on the Northern side.

Oak: At present, Northern aspect of the crown is 7m from crown centre.

After works, there would be a residual spread of 4m from crown centre on the Northern side.

Holly: At present, the Holly stands at approximately 8m.

After works, there would be a residual height of 4m.

Reasons for works are for the Health & Safety of the elderly resident of number 1 Sullington Copse.

Excessive amounts of debris falling onto entrance path to property causing an uneven surface to walk on with a walking aid and potentially slippery.

Works would not be detrimental nor affect the amenity values of the trees or the area.
