Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	At present, there are only two parking spaces available at the front of the property, both of which are occupied. Given that this is for a self-contained dwelling, where would the additional parking be accommodated? Parking directly outside homes on Cricketers Close restricts access to properties on the opposite side due to the narrow road. The house is already a four-bedroom home, and adding a self-contained dwelling further increases the need for parking. Larger

properties in the area are better suited to accommodate the needs of additional occupants.

Kind regards
