Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	This building is very large, it is not in keeping with the rest of the development. It spoils the view of gardens as there is now a large black structure in the middle of surrounding houses. It will cause a shadow into my garden, and spoils the view from my garden. I am concerned that this structure is going to be used to live in, as there are a large number of people already living in this house.

Kind regards
