

I have submitted my objection to the planning application DC/25/1356 as text in the HDC "comments" section of the planning application on the HDC web site.

However I also want to add a sketch drawing and this is not possible as confirmed with a telephone call to your Horsham office today.

The instructions from your office was to send the sketch drawing to you by e-mail and it could then be added to the objection comments.

The relevant drawing: 001; Topography Plot 2/ The Mandarin is attached and would you please add it to my objection text and confirm this has been completed.

Thank you.

Regards,
