### Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I am writing in support of this planning application for the following reasons.

The land has been used as a caravan site all year round with many people living there permanently (even though not officially permitted) the caravan site has been active in use for over 50 years with 30 caravan pitches plus further pitches for tents. If this has never caused an issue with traffic and noise in the last 50 years I don't see how it would now cause an issued with people

living there permanently. There is a drastic need for affordable housing in the area and this is an ideal site to accommodate this need. The grade 2 listed building known as the limeburners pub has been closed down for a number of years the owner is a planning to re open the pub to the public and the local community the pub will no doubt be highly supported by the new residents on site this is a great positive affect on the use of the grade 2 listed building which was previously being left derelict and neglected. I can't see parking as a major concern as outlined in the layout there is sufficient parking for residents as the vast majority of households have one vehicle for additional and visitor parking the limeburners pub has a very large car park that can accommodate this in addition to customers for the pub/restaurant

---

Kind regards
