Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	<ul style="list-style-type: none">- Overdevelopment- Trees and Landscaping
Comments:	While the application is for Temporary Accommodation there is a strong risk that this is part of an attempt at creeping land speculation / development and will set a precedent for other unit owners on the track leading to ribbon development all along from what was once the Farm in what was pristine countryside. This will

heavily impact on the quality of life for residents and neighbours, turning rural farm land into an urban development with further sustained damage to the local environment and the flora and fauna therein.

Kind regards
