Dear Bethan,

I am satisfied the revisions including the first floor toilet and external air source heat pump will not harm the special interest of the listed building and are acceptable.

Subject: DC/24/1850 - The Old Cottage

Morning Sean,

We have a non-material amendment application for The Old Cottage, which is a Grade II listed building. They intend to replace the existing boiler with an air source heat pump.

Conservation has been consulted, but the determination date is tomorrow. So, if possible, please can you let me know if you have any comments to make by tomorrow?

Many thanks,
Bethan
