Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	*We own the neighbouring land to the south side and would like to see a hedge planted along the south boundary to replace the old post & rail fence to reduce any light pollution. *Restrictions to any external lighting. *The building has been a nesting site for swallows in the past, would it be possible to make provisions for them if they choose to come back? Apart from that we have no problems, with the exception of, if ever the building was attempted to be accessed from our land by vehicles this would not be permitted.

Kind regards
