Hello,

1 – x 4 Poplar – current height 20m, finished height 10m (there is not really a 'spread' as the trees have been heavily pollarded meaning the regrowth has gone 'up' rather than 'out', we are essentially pruning the regrowth to the previous pruning points)
2 – Felling of Pine – No plan to re-plant as the tree is dead and the area is overcrowded as it is

Let me know if you need any more information

Kind regards,
Drew
