Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	Afon, Worthing Rd, Horsham
PROPOSAL:	Fell 2x Alder and group G21.
REFERENCE:	DC/24/1882
RECOMMENDATION:	No objection

SUMMARY OF COMMENTS & RECOMMENDATION: No objection

MAIN COMMENTS:

Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:

The majority of the trees are situated around the car park. The Alder tree to the south west corner of the building is encroaching into the roof space and has developed a lean towards the building. This tree requires felling to the ground to reduce the potential hazard.

All of the trees with ivy growing into the crown area are at risk of becoming overloaded with restrictive sail within the crown. The ivy should be severed at the base to prevent the crown area becoming congested and causing failure to the branches.

Any trees which have blown down and are lying on the ground should be cut up to leave the area clear and tidy, particularly at the far end of the car park facing Prewitt's Mill.

In general, all trees surrounding the car park would benefit from remedial reduction work to the lower crown i.e. clear to 3m in height. This will give ample clearance for vehicles and the public.

Therefore, HDNC has **no objection** to this application.

ANY RECOMMENDED CONDITIONS: As above
